

CSE5335: Web Data Management (SPRING 2019)

Instructor:	Elizabeth Diaz
Office Number:	ERB 555 (Engineering Research Bldg.)
Office Telephone Number:	
Email Address:	Elizabeth.diaz@uta.edu
Office Hours:	Tuesday 12:00 to pm 2:00 pm or by appointment.
TA:	
Office hours:	ERB (Engineering Research Bldg.)
Office hours:	TBA
Email:	

Description of Course Content:

This course provides an in-depth study of the area of web data management. The course primarily covers the state of the art in designing and building web applications and services, primarily focusing on issues and challenges that revolve around the management and processing of web data. The first part of this course is an intensive study of Web programming with a focus on generating dynamic, database and web-service driven web content. The second part is an in-depth study of XML technologies, focusing on issues and challenges that revolve around the management and processing of XML data.

Student Learning Outcomes:

Upon successful completion of this course, students will be able to:

- use current web technologies to develop dynamic web sites
- develop web sites that use dynamic content generated from a database
- develop web services and dynamic web applications that use web services

Prerequisites:

Prerequisites: CSE 3330/CSE 5330 (Database Systems I) or equivalent. Students are expected to have a working knowledge of Java, SQL, and basic HTML. Students without adequate preparation are at substantial risk of failing this course.

Required Textbooks and Other Course Materials:

There is no required textbook for this course, but students are expected to read many online tutorials and references (links will be given out in class).

Descriptions of major assignments and examinations:

There will be five (5) small individual programming assignments, and three (3) exams.

Attendance:

At UTA, taking attendance is not required. Rather, each faculty member is free to develop his or her own methods of evaluating students' academic performance, which includes establishing course-specific policies on attendance. As the instructor of this section, I allow students to attend class at their own discretion, however attendance has an 8% weight on your grade.

Grading:

The final grade will be based on

- 50% five (5) small programming assignments ()
- 15 % Exam 1
- 15 % Exam 2
- 10 % Exam 3
- 8 % Attendance
- 1 % Agreement
- 1 % Downloading app and uploading picture/audio

Total= 100 %

Final grades will be assigned according to the following scale:

A: score ≥ 90 , B: $80 \leq \text{score} < 90$, C: $70 \leq \text{score} < 80$, D: $60 \leq \text{score} < 70$, F: score < 60

Sometimes, lower cutoff points are used for the final grades, depending on the overall performance of the class. Students are expected to keep track of their performance throughout the semester and seek guidance from available sources (including the instructor) if their performance drops below satisfactory levels.

Exams:

Both exams are **closed notes**. **No cheating sheets allowed**. Once the exam grades are posted, you will have **10 business days** to dispute your grade and get your exam re-evaluated. No re-evaluation will be entertained after the 10-day period. No makeup exams will be given unless there is a justifiable reason (such as illness, sickness or death in the family). If you miss an exam and you can prove that your reason is justifiable, you should arrange with the instructor to take the makeup exam within a week from the regular exam time. For any other case, you will get a zero grade for the missed exam.

Programming Assignments:

There will be five (5) small programming assignments. Each project will be done individually. Details will be given out in class. Late project assignments will be marked 20 points off per day (out of 100 max). So, there is no point submitting a project report more than 4 days late! This penalty cannot be waived, unless there was a case of illness or other substantial impediment beyond your control, with proof in documents from the school. Cheating will be immediately reported it.

Software:

Most projects will be done will be done in JavaScript, PHP, and CodeIgniter. Students are expected to have a working knowledge of Java, SQL, and basic HTML. The software used for the projects is open-source, free, platform-independent, and well-suited for Java. You can do most of the projects on your own PC/laptop under any platform (Linux, MAC OS X, MS Windows, etc). Directions of how to download the required software will be given out in class.

Have them go to uta.cloud and login.

When they choose their host name, it should be based on their name or netID.

How to do Well in this Course:

Students who get the most out of this course will be the ones who put in the most effort. If you want to do well, attend all the lectures, read the assigned reading material, and start early on your programming assignments. If you are having difficulty, the instructor and the GTA will be more than happy to help

you. In addition to regular office hours, the best way of communication with the instructor or the GTA is through email. If you can't make it to the scheduled office hours but really need help, contact one of us for an appointment.

Drop Policy:

Students may drop or swap (adding and dropping a class concurrently) classes through self-service in MyMav from the beginning of the registration period through the late registration period. After the late registration period, students must see their academic advisor to drop a class or withdraw. Undeclared students must see an advisor in the University Advising Center. Drops can continue through a point two-thirds of the way through the term or session. It is the student's responsibility to officially withdraw if they do not plan to attend after registering. Students will not be automatically dropped for non-attendance. Repayment of certain types of financial aid administered through the University may be required as the result of dropping classes or withdrawing. For more information, contact the Office of Financial Aid and Scholarships (<http://wweb.uta.edu/aao/fao/>).

Americans with Disabilities Act:

The University of Texas at Arlington is on record as being committed to both the spirit and letter of all federal equal opportunity legislation, including the Americans with Disabilities Act (ADA). All instructors at UT Arlington are required by law to provide "reasonable accommodations" to students with disabilities, so as not to discriminate on the basis of that disability. Any student requiring an accommodation for this course must provide the instructor with official documentation in the form of a letter certified by the staff in the Office for Students with Disabilities, University Hall 102. Only those students who have officially documented a need for an accommodation will have their request honored. Information regarding diagnostic criteria and policies for obtaining disability-based academic accommodations can be found at www.uta.edu/disability or by calling the Office for Students with Disabilities at (817) 272-3364.

Title IX:

The University of Texas at Arlington is committed to upholding U.S. Federal Law "Title IX" such that no member of the UT Arlington community shall, on the basis of sex, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any education program or activity. For more information, visit www.uta.edu/titleIX.

Academic Integrity:

Students enrolled all UT Arlington courses are expected to adhere to the UT Arlington Honor Code: I pledge, on my honor, to uphold UT Arlington's tradition of academic integrity, a tradition that values hard work and honest effort in the pursuit of academic excellence. I promise that I will submit only work that I personally create or contribute to group collaborations, and I will appropriately reference any work from other sources. I will follow the highest standards of integrity and uphold the spirit of the Honor Code. UT Arlington faculty members may employ the Honor Code as they see fit in their courses, including (but not limited to) having students acknowledge the honor code as part of an examination or requiring students to incorporate the honor code into any work submitted. Per UT System Regents' Rule 50101, Â§2.2, suspected violations of university's standards for academic integrity (including the Honor Code) will be referred to the Office of Student Conduct. Violators will be disciplined in accordance with University policy, which may result in the student's suspension or expulsion from the University.

Cheating Policy: Zero Cheating tolerance. Not cheating from anybody or from Internet.

Electronic Communication:

UT Arlington has adopted MavMail as its official means to communicate with students about important deadlines and events, as well as to transact university-related business regarding financial aid, tuition, grades, graduation, etc. All students are assigned a MavMail account and are responsible for checking the inbox regularly. There is no additional charge to students for using this account, which remains active even after graduation. Information about activating and using MavMail is available at <http://www.uta.edu/oit/cs/email/mavmail.php>.

Student Feedback Survey:

At the end of each term, students enrolled in classes categorized as "lecture," "seminar," or "laboratory" shall be directed to complete an online Student Feedback Survey (SFS). Instructions on how to access the SFS for this course will be sent directly to each student through MavMail approximately 10 days before the end of the term. Each student's feedback enters the SFS database anonymously and is aggregated with that of other students enrolled in the course. UT Arlington's effort to solicit, gather, tabulate, and publish student feedback is required by state law; students are strongly urged to participate. For more information, visit <http://www.uta.edu/sfs>.

Final Review Week:

A period of five class days prior to the first day of final examinations in the long sessions shall be designated as Final Review Week. The purpose of this week is to allow students sufficient time to prepare for final examinations. During this week, there shall be no scheduled activities such as required field trips or performances; and no instructor shall assign any themes, research problems or exercises of similar scope that have a completion date during or following this week unless specified in the class syllabus. During Final Review Week, an instructor shall not give any examinations constituting 10% or more of the final grade, except makeup tests and laboratory examinations. In addition, no instructor shall give any portion of the final examination during Final Review Week. During this week, classes are held as scheduled. In addition, instructors are not required to limit content to topics that have been previously covered; they may introduce new concepts as appropriate.

Emergency Exit Procedures:

Should we experience an emergency event that requires us to vacate the building, students should exit the room and move toward the nearest exit, which is located next to the classroom. When exiting the building during an emergency, one should never take an elevator but should use the stairwells. Faculty members and instructional staff will assist students in selecting the safest route for evacuation and will make arrangements to assist individuals with disabilities.

Tentative Schedule:

Introduction and motivation

- Web Programming
 - Dynamic web pages, the HTTP protocol
 - HTML forms
 - XHTML and CSS stylesheets
 - Client-side programming (JavaScript)
 - The document object model (DOM) and dynamic HTML
 - Asynchronous server requests (AJAX)
 - Server-side programming: PHP scripts, cookies, and sessions
 - Database connectivity, JDBC
 - Web services: RESTful vs SOAP-based, WSDL
- XML

- XML basics
- DTD and XML Schema
- XPath
- XML APIs (DOM, SAX, StAX)
- XSLT
- XQuery

Emergency Phone Numbers:

In case of an on-campus emergency, call the UT Arlington Police Department at 817-272-3003 (non-campus phone), 2-3003 (campus phone). You may also dial 911.

Last modified: 01/02/2019 by Elizabeth Diaz

Schedule of Classes			
Week	Date	Activity	Due Date
1	01/14	Syllabus, Agreement, Projects, downloading and setting App.	Agreement, Projects, App setting.
	01/15, 01/23	Chapter 1) How the Internet Works	
	01/29 , 01/30	Chapter 3) HTML	
	02/04, 02/06	Chapter 4) CSS	
		Chapter 5) Tables/Forms	
		Chapter 7) Advanced CSS	Project 1 Understanding
	02/11, 02/13	Chapter 8),9 JavaScript	
	02/18,02/20	Chapter 11) PHP	
	02/25,02/27	Chapter 12) PHP Arrays	Project 2 All Pages

		Chapter 14) database	
	MARCH 4	MIDTERM	Chapter 1,3,,4,5,7,8,9
	March 18, 20,25	Chapter 15) Error and Validation/ Chapter 16) Managing State	Project 3 (Implementing a Blog)
		J13, query, Ajax	
	March 27		
14	April 1	CodeIgniter, CodeIgniter	+++Exam 2 Chapter 11,12,14,15,16 and Project 4 Validating Fields
15	April 3,8,10	CodeIgniter	
	April 15,17	API	
	April 22,24,29	17, 19 XML	Project 5 CodeIgniter
16	May 1	Exam 3	Exam 3 CodeIgniter, API, 17, 19 XML

Projects

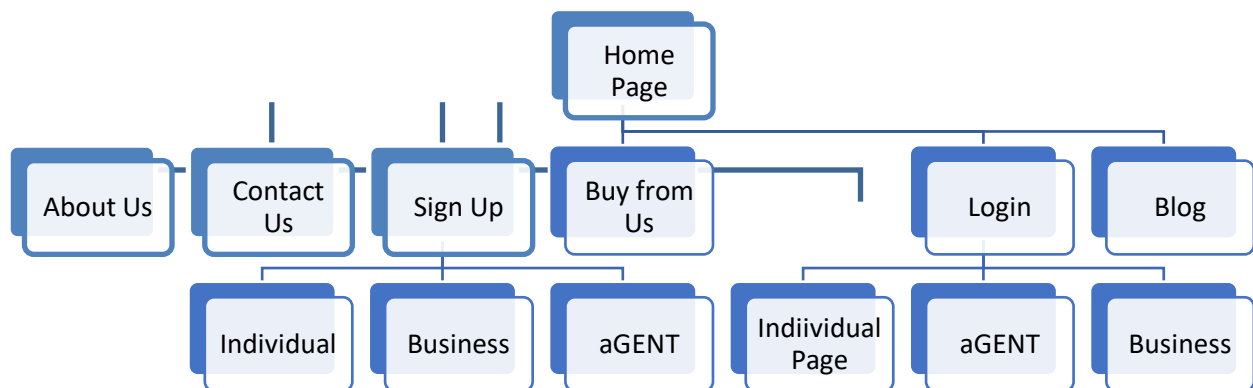

General Description:

LEANEVENTO: LEAN is a nonprofit organization based in Spain. Its main purpose is to collect medicines to be sent to needed countries. In order to be able to send donated medicines, LEAN organizes events to collect money in order to ship the medicines. Your group has been selected to develop an App for LEAN to manage their events. LEAN Events can be free or paid. Free events are to collect money, to collect medicines or to collect cloth for poor people. Paid events are also to collect medicines, money or cloth but one needs to buy a ticket to participate or to go to the event. Tickets are sold by LEAN delegates or by other foundations or organizations. If any other organization is involved in the process, LEAN assigns a percentage of the ticket to that organization. Donations are used for tax purposes. **LEANEVENTO** will register anybody involved in any event whether is an individual or a foundation. If it is a foundation **LEANEVENTO** will register their corresponding percentage. Tickets can be bought from this APP using PAYPAL as a method of Payment.

Project 1: Write a two-page paper about your understanding of the project. Also, show the database to implement this project.

Project # 2.

This assignment introduces each website scenario, presents the site map.

You have three tasks for this assignment

Task 1: Create a folder for the LEANEVENTO [yourlastname_LEANEVENTO]

Task 2: Create all pages except Blog.html

- Create an external style sheet named sayitright.css that configures the color and text for the LEANEVENT website
- Utilize an external style sheet to configure colors and text

Colors #595959 (for the text), #FFFFFF(for the background), #595959 (for the header text background)

Font: Roboto

Style for the h1: 200% line height

Style for the nav element, bold text, #90C7E3 (for the nav background);

Styles for the footer element selector that configure background color, font size (.70 em) Roboto and centered text.

Configure all the content to be centered 80% width (use a style rule with id named wrapper

(can use bootstrap.)

color for buttons using input, button, a, hover is #FFC300

Compress your folder and submit it.

Do not email me the assignment.

Due date: after finishing Chapter five

Project 3

Develop the Blog page

Project 4

This project is to validate fields and connect to the database.

For this assignment, you have the following task

- Validate all the fields using javascript and HTML, PHP
- Do the corresponding Database connection, show your Database
- Provide screenshots of testing

- Place all your pages in your folder. Compress it and Submit.

All fields in the form should be validated on the client side and server side.

The main goal of this project is to learn server-side web programming using PHP and a relational database system (MySQL). More specifically, you will develop a web application where customers can buy from this site and businesses can offer their services.

Platform

As in the previous projects, you will develop this project on your PC/laptop using XAMPP.

To create the database, start the Apache Web Server and the MySQL Database on your PC using the XAMPP manager console. Run [phpMyAdmin](#) on your browser, create a new database with name pet clicking on New. Select this database, go to the SQL tab and write the appropriate CREATE table queries and push Go. You can run queries from CreateDB.sql for testing.

Requirements (I am helping with the DB, check it out)

Project Requirements

. Data will be coming from the DB.

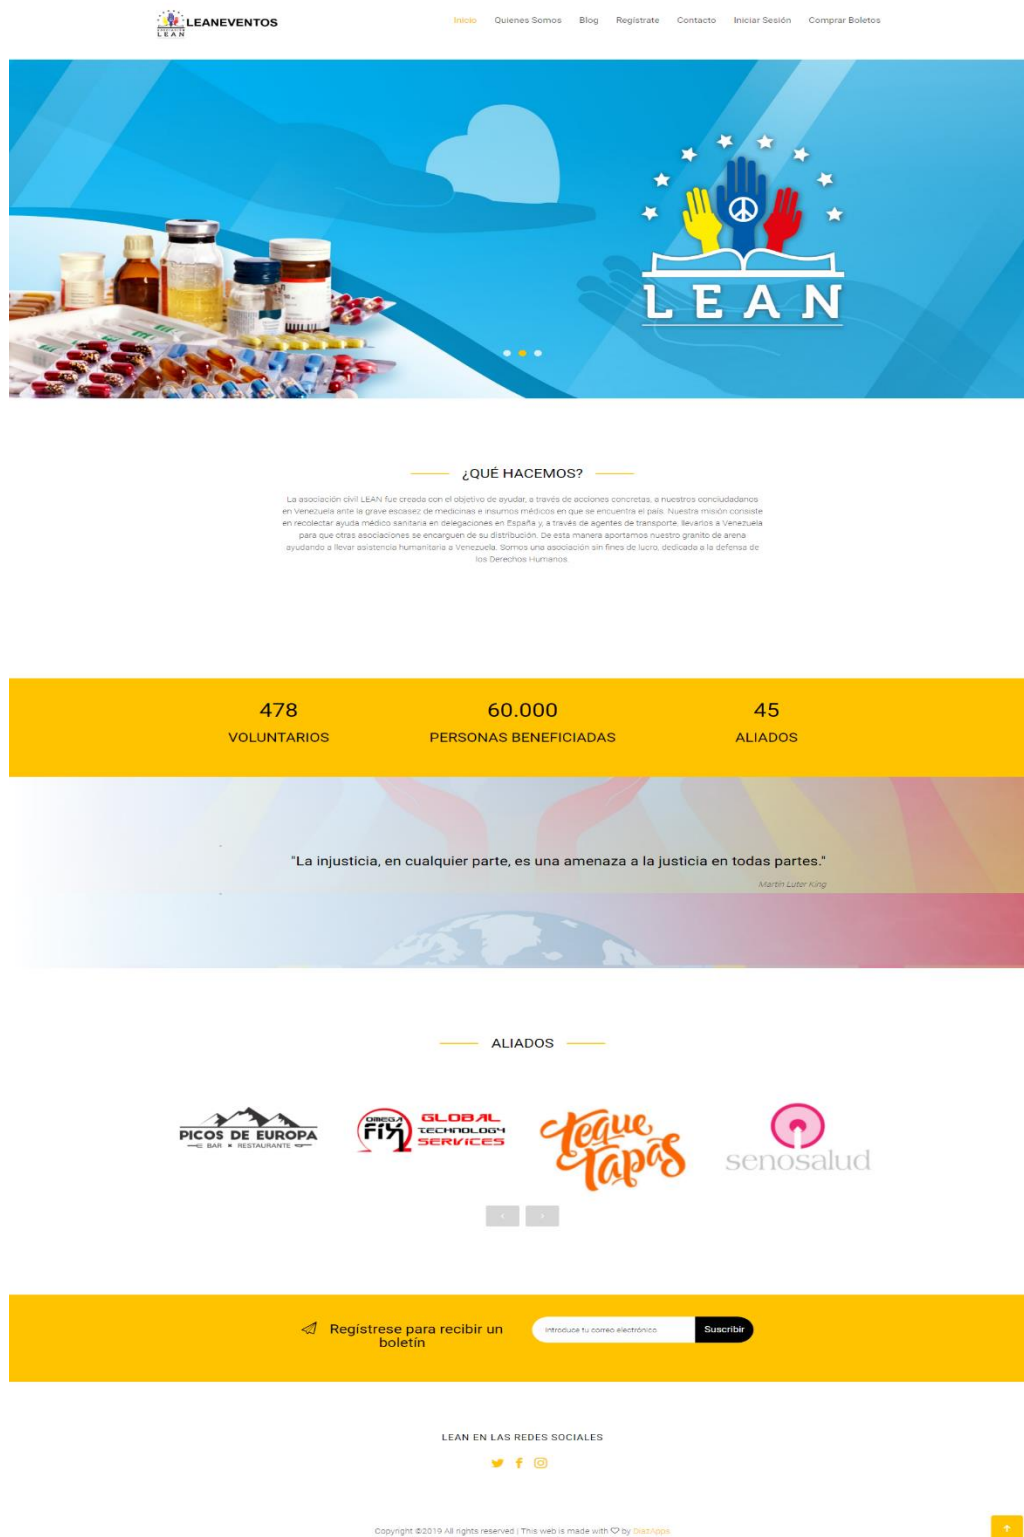

Make sure that you have populated enough data to answer all queries in the project.

Project 5

Same as project 4 but using Codeigniter

QUIENES SOMOS

HOME QUIENES SOMOS

¿Qué es LEAN?

LEAN es una asociación civil sin fines de lucro conformada por gente con gran sensibilidad social, dedicada a la defensa de los derechos humanos y la consecución de ayuda humanitaria, favoreciendo directamente o a través de otras asociaciones o agrupaciones provinciales a venezolanos residentes en España y a quienes viven en Venezuela.

¿Cuáles son los fines de LEAN?

LEAN está dedicada a fomentar valores e instaurarlos como principios, trabajar en formación cívica, promover y defender las libertades individuales y los derechos humanos en Venezuela, sensibilizar a la gente sobre la importancia de conocer, respetar y practicar los principios contenidos en la Declaración Universal de Derechos Humanos, asistir a víctimas de actos violentos y persecución, favorecer la adquisición de conocimiento a través de la lectura y trabajar incansablemente en la ayuda humanitaria como gesto de solidaridad y buena voluntad.

¿Cuáles son las actividades de LEAN?

LEAN trabaja en el desarrollo y publicación de estudios de investigación sobre temas de interés social, cultural, político y económico, preparación de ponencias para foros y conferencias, presentación en eventos especializados y mesas de trabajo, petición de colaboración a personalidades de reconocida trayectoria, estudio de casos de violación de derechos humanos a través de letrados voluntarios, asistencia y representación para la defensa de las víctimas de actos violentos y persecución, lanzamiento de campañas sobre valores cívicos y derechos humanos, planificación y ejecución de programas de voluntariado para brindar ayuda humanitaria y organización de charlas sobre la situación económica, política y social de Venezuela y demás temas de interés mundial.

¿Qué hacemos?

La asociación civil LEAN fue creada con el objetivo de ayudar, a través de acciones concretas, a nuestros conciudadanos en Venezuela ante la grave escasez de medicamentos e insumos médicos en que se encuentra el país. Nuestra misión consiste en recolectar ayuda médica sanitaria en delegaciones en España y, a través de agentes de transporte, llevarlos a Venezuela para que otras asociaciones se encarguen de su distribución. De esta manera aportamos nuestro granito de arena ayudando a llevar asistencia humanitaria a Venezuela. Somos una asociación sin fines de lucro, dedicada a la defensa de los Derechos Humanos.

¿Cómo puedes ayudar?

Puedes ayudar de tres formas:

- Dona material médico e insumos para Venezuela.
- A través de donaciones económicas
- Hazte voluntario.

¿Dónde estamos?

Somos 17 Coordinaciones en ESPAÑA:

Alicante - Almería - Cataluña - Granada - Islas Canarias - Islas Baleares - León - Madrid - Málaga - Salamanca - Sevilla - Valencia - Valladolid - Zaragoza - LEAN EEUU.

Instituciones y Organizaciones Beneficiadas en VENEZUELA:

Ayudamos a 11 Estados a través de 35 puntos de destino:

- LEAN Anzoátegui
- Funsaluz Barcelona, Valencia y Maracaibo
- Fundación La Pastillita
- LEAN Aragón 1
- Parroquia Michelena
- LEAN Caracas 1, 2, 3, 4, 5, 6, 7, 8 y 9.
- Seno Salud
- Somos Ayuda
- FDIW
- Parroq. San Fco. de Asís
- ONG Pan y Vino
- LEAN Nueva España
- Parroquia San Félix
- Fundación Esperanza de Vida
- Caritas de Venezuela
- Fund. Denzel El Guerrero
- Mensajeros de la Alegría
- Caritas Valle de la Pascua
- Caritas Diocesana Barquisimeto
- Hogar de Niños Impedidos Don Orión
- AVEPEII
- Casa Hogar Madre Teresa de Calcuta
- Seminario Santa Rosa de Lima
- Casa Aragón
- Caritas Parroquial de Mérida
- Asociación Dr. Paúl Moreno Carmacho
- FUNDAYUDANOS

NO PERDAMOS LA FE

\$300.00

★★★★☆ (74 Rating)

¡La fe no se puede perder JAMÁS! Es imprescindible para todo en nuestras vidas, poco a poco las cosas irán mejorando. No cambiarán de la noche a la mañana, pero van a cambiar y solo cambiarán si te lo propones. Si hoy tuvimos un mal día, nuestra meta será tener uno mejor mañana. Es básicamente hacer nuestra la frase "Hoy no me daré por vencido", repítela todos los días, hazla parte de tu filosofía de vida.

DESCRIPCION

ENCARGADOS

PATROCINANTES

Recién he comenzado a leer un libro cuyo mensaje principal es aprender a buscar ese algo mejor todos los días. El libro está escrito por una persona que vive con diabetes tipo 1 y nos presenta como los adelantos en tratamientos y tecnología, aunque no han curado su condición, día tras día mejoran su calidad de vida.

Busquemos siempre mejorar algo en nuestras vidas, mantengamos el deseo de progresar, de educarnos más acerca de la condición de nuestros hijos y verás como poco a poco comenzaremos a entenderla mejor.

Mensaje de la institucion

"La injusticia, en cualquier parte, es una amenaza a la justicia en todas partes. Martin Luter King"

About/Quienes somos

¿QUÉ HACEMOS?

La asociación civil LEAN fue creada con el objetivo de ayudar, a través de acciones concretas, a nuestros conciudadanos en Venezuela ante la grave escasez de medicinas e insumos médicos en que se encuentra el país. Nuestra misión consiste en recolectar ayuda médico sanitaria en delegaciones en España y, a través de agentes de transporte, llevarlos a Venezuela para que otras asociaciones se encarguen de su distribución. De esta manera aportamos nuestro granito de arena ayudando a llevar asistencia humanitaria a Venezuela. Somos una asociación sin fines de lucro, dedicada a la defensa de los Derechos Humanos.

¿CÓMO PUEDES AYUDAR?

PUEDES AYUDAR DE TRES FORMAS:

- Dona material médico e insumos para Venezuela.
- A través de donaciones económicas
- Hazte voluntario.

¿DÓNDE ESTAMOS?

SOMOS 17 COORDINACIONES EN ESPAÑA: Alicante - Almería - Cataluña - Granada - Islas Canarias - Islas Baleares - León - Madrid -Málaga - Salamanca - Sevilla - Valencia - Valladolid - Zaragoza - LEAN EEUU.

INSTITUCIONES Y ORGANIZACIONES BENEFICIADAS EN VENEZUELA:

Ayudamos a 11 Estados a través de 35 puntos de destino:

- LEAN Anzoátegui
- Funsaluz Barcelona, Valencia y Maracaibo
- Fundación La Pastillita
